YOU HAVE THE RIGHT TO CHOOSE

Every senior and family in Arizona has the freedom to select their own assisted living home—without pressure.

If someone tells you that “there are no assisted living options in Buckeye,” that is FALSE.

Buckeye has licensed, locally owned, and trusted homes including:

Some third-party agencies and hospital staff receive financial incentives for referring seniors to certain large facilities.

This practice limits family choice and can lead to emotional, financial, and care disruptions.

Your decision should always be based on care quality—not commissions.

Document every response.
Transparency is your right.

ASK THESE KEY QUESTIONS

When speaking with a hospital social worker, case manager, or referral agency, ask:

1. “Can you provide me with the direct contact information for assisted living homes in Buckeye?”
2. “Am I required to use your referral agency to contact those homes?”
3. “Do you or your organization receive any payment or bonus from you recommend?”
